The following are listed on the accompanying Form PTO 1449 and are in a non-English language:

1. Japanese Publication No. 05217951;
2. Japanese Publication No. 07310187;
3. Japanese Publication No. 10050665;
4. Japanese Publication No. 09129612;
5. Japanese Publication No. 07245292.

With regard to documents 1-4, in lieu of a statement of relevance or translation of the non-English documents, English language abstracts of documents 1-4 were enclosed with the Information Disclosure Statement filed on January 2, 2001 in parent Application No. 09/720,910. Also, an English language international search report from the Japanese Patent Office in the PCT international application, from which this application claims priority, citing documents 1-4 and setting forth the relevance thereof was also enclosed with the Information Disclosure Statement filed on January 2, 2001 in parent Application No. 09/720,910. With regards to document 5, the relevance thereof was cited by the Examiner in the Office Action dated February 5, 2003 in parent Application No. 09/720,910. However, solely in an abundance of caution, Applicants submit herewith an English language abstract of Japanese Publication No. 07245292.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law,
